4 Bed Farmhouse with Aproved Build Project in Lagos

Beautiful plot of land with pre-existent ruin and a small 2 bedroom house with terrace and fantastic views over the countryside towards the coast and good access roads.

The plot has an approved building project with construction license to build a brand new villa with 200 square meters, an annex with 60 square meters, garage and swimming pool.

It has bore-hole and self-generating electricity so it is totally independent, and the plot has garden and agricultural area with fruit trees.

It is set in a very quiet countryside area on the outskirts of Lagos, in the "Cotifo" area between Sargaçal, Bensafrim and Colinas Verdes, so it is very close to the main city of Lagos and the coast
